

Fifth International conference of ICTS

Wednesday 8/3/2017

Opening ceremony 8:00 pm

Thursday 9/3/2017

Coronary session 09:00-10:30 Gilgamesh hall

PANEL : Tahsin Alkinani, Khalid Anber, Aram Merza, Muthanna Alkuraishi

- 09:00 1- When simple unexpected fault changes angiographic scenario. Abdzahra Al-isawi.
- 09:10 discussion
- 09:15 2- I refuse CABG I do PCI. Hussain nasir.
- 09:25 discussion
- 09:30 3- The past , present and the future of interventional cardiology. Gulumser.
- 09:45 discussion
- 09:50 4- Close follow up is needed in LM intervention. Hussain alkinzawi.
- 10:00 discussion
- 10:05 5- Philips session
- 10:25 discussion

Viability and myocardial function 09:00-10:30 Alfurat hall

PANEL : Ali Al Yasin, Amal Almirayati, Nagam Maala, Gazi Alhajji

09:00 6- Review of Stress Dobutamine echocardiography and LV myocardial viability. Ammar Shamal.

09:12 discussion

09:20 7- Low dose dobutamine and longitudinal strain in detection of myocardial viability versus cardiac MRI. Iman Alobaidi.

09:32 Discussion

09:40 8- role of delayed enhanced CMRI and cine CMRI in qualitative assessment of myocardial viability. Majida Hamid. 9:40-52

09:52 discussion

10:00 9- Cardiology and nuclear medicine. Ibrahim Al-butaihi.

10:20 discussion

Break

Cardiac surgery 11:0-12:30 Gilgamesh hall

PANEL : Sideeq Alkhashab, Laith Alkaabi, Adil Khammas, Ahmed Abdulfattah

11:00 10- surgical access for the mitral valve: which way is superior?. Akeel mindel.

11:12 discussion.

11:18 11- Minimally invasive mitral and aortic valve replacement by minithoracotomy without mid.sternotomy. fadhil gali and alla mansor.

11:30 discussion

11:36 12- Bentall procedure; experience in the Iraqi centre for heart diseases. Ali Najim Alkhazali.

11:48 discussion

11:54 13- pulmonary artery aneurysm; diagnosed and operated upon in Babylon cardiac centre. Mohannad Fadhil.

12:06 discussion

12:12 14- kite anomaly. Munaf khudayyer. 12:12-12:24

12:24 discussion

Cardiorespiratory system 11:0-12:30 Alfurat hall

PANEL : Abdul hamid Alkasir, Adnan Aljubori, Dhafer Hashim, Hamza Alsabah.

- 11:00 15- pulmonary embolism . mohammed whayeb.
- 11:12 discussion
- 11:18 16- pleural effusion. Mohammed Yahya.
- 11:30 discussion
- 11:36 17- respiratory failure and mechanical ventilation. Waleed alansari.
- 11:48 discussion
- 11:54 18- Pericardial effusion .mahdi alazawi.
- 12:06 Discussion
- 12:12 19- Novartis lecture. Update on Hypertension. Abdulkarim Alshammary.
- 12:24 Discussion

Lunch

Heart Failure 2:0-3:30 pm Gilgamesh hall

PANEL: Hikmet Alshaarbaaf, Hasan Alnajjar, Hilal Alsaffar

- 02:00 20- Contemporary management of heart failure with reduced EF . Saad al temimi
- 02:10 discussion
- 02:15 21- Current guideline for diagnosing diastolic heart failure. Ali Hussain
- 02:25 discussion
- 02:30 22- Denk Pharma lecture. Torsemide; an evidence based diuretic. Ali abdulkarim.
- 02:40 discussion

LIVE IN A BOX LMS intervention 02:45 – 03:30

PANEL : Khalid Anber , Tahsin Alkinani, Mothanna Alkuraishi, Amjad Almendilawi

Operator : Aram Mirza

Thoracic surgery 2:0-3:30 pm Alfurat hall

PANEL : Waleed Mustafa, Abdulkhaliq Zaqi, Hussain Alkaabi, Mothanna Alasal, Sadoon Alobaidi.

- 02:00 23- Single port thoracoscopic dorsal sympathectomy. Hussain Al-kabi
- 02:12 discussion
- 02:18 24- delayed reimplantation of the right main bronchus avulsion after blunt trauma (a case report. Abdulameer M. Hssein.
- 02:30 discussion
- 02:36 25- mediastinoscopy . Sabah noori
- 02:48 discussion
- 02:54 26- thoracic outlet syndrome five year experience in duhok. Ashur.
- 03:06 discussion
- 03:12 27- Tracheal reconstruction, a series of 100 cases. Akeel yosur.
- 03:24 discussion

Break

Congenital interventions 4:0-5:30 Gilgamesh hall

PANEL: Sadiq Alhammash, Zuhair Alnasiri , Hussain Jbair, Jasim Alkhalidi

- 04:00 28- Stenting of ductus arteriosus in challenge case ; TOF with PV atresia in neonate. thafer sultan.
- 04:12 discussion
- 04:18 29- transcatheter closure of a vessel like PDA. Kamal Aradeny.
- 04:30 discussion
- 04:36 30- Transcatheter treatment of rare congenital anomalies. Sadiq Alhammash
- 04:48 discussion
- 04:54 31- Transcatheter Closure of VSD: Our Current Status. Abdulsalam Dawood.
- 05:06 discussion
- 05:12 32- Percutaneous reconstruction of interrupted aortic arch in adolescents and young adult. Hussain abdulwahab.
- 05:24 discussion

Endovascular 4:0-5:30 pm Alfurat hall

PANL: Khalid Anber, Firas Alani, Mohammed Mutar, Haider Jabbar

04:00 33- Endovascular treatment of peripheral arterial disease. Abdul amir Mohsin

04:10 discussion

04:15 34- Experience in interventional radiology in shaheed muhrab cardiac center. Zaid alkhafaji.

04:30 discussion

04:35 35- Outcome of surgical intervention in vascular injuries in Alfalluja teaching hospital.
Mohamed Tafash Daghash.

04:45 discussion

04:50 36- Lumbar tunneled double lumen in patients with exhausted vascular access in renal failure.
Hazim mohammed.

05:00 discussion

05:05 37- Challenging and interesting anterior STEMI. Saheb Aldhafer.

05:25 discussion

Friday 10/3/2017

PCI in acute coronary syndrome 9:0-10:30 Gilgamesh hall

PANEL: Amjad Almendilawi, Rafid Alaqeedi, Hussain Nasir, Ghassan Mahmood

09:00 38- Slow flow in primary PCI. Haidar al kahachi.

09:10 discussion

09:15 39- Primary PCI without stenting. Mohammed hilal.

09:25 discussion

09:30 40- Dealing with large thrombus burden . mohammed mutar.

09:40 discussion

09:45 41- PCI is a decision not a technique. Raed sabri

09:55 discussion

10:00 42- Time is myocardium- A systematic plans about how to involve different health providers in Code STEMI management. Saheb Aldhafer.

10:20 discussion

Break

Cardiac rhythm 9:0-10:30 Alfurat hall

PANEL: Mohammed Hashim, Ali Abdulkarim, Mahmood Reyadh,

09:00 43- Approach to narrow complex tachycardia. Mohammed hashim.

09:10 discussion

09:15 44- Management of idiopathic ventricular arrhythmia in the modern era of cardiac electrophysiology. Ahmed A Talib.

09:25 discussion

09:30 45- A challenging case of accessory pathway ablation. Mohammed Amin.

09:40 discussion

09:45 46- Recent advances in non-pharmacological management of ventricular tachycardia associated with structural heart disease. Ahmed A Talib.

09:55 discussion

10:00 47- use of double versus single transeptal PVI (case). Amen alalwani.

10:10 discussion

10:15 48- St Jude lecture. Electrophysiology in Iraq; heading towards precision.

10:25 discussion

Break

Structural 11:0-12:30 Gilgamesh hall

PANEL: Khalid Anber, Firas Alani, Ali Muhi

11:00 49- The emerging role of minimal invasive approach in the management of structural heart disease. Firas Alani.

11:20 discussion

11:28 50- Percutaneous antegrade closure of paravalvular leak in mitral prosthesis. Amjad Almendilawi.

11:40 discussion

LIVE IN A BOX A case of TAVI 11:45- 12:30

PANEL: Firas Alani, Tahsin Alkinani, Najah Almusawi

Operator : Khalid Anber.

Hypertension symposium 11:00-12:30 Alfurat hall

PANEL: Ghazi Alhajji, Ali Alsultani, Mohammed Albaghdadi

- 11:00 51- Atrial fibrillation and hypertension treatment. Gazi Alhajji.
11:15 discussion
11:20 52- Seasonal Hypertension- an overlooked phenomenon. Azher Al-Zubaidy.
11:35 discussion
11:40 53- A Brief presentation of Iraqi Guidelines for treatment of hypertension. Faris Keriem.
11:55 discussion.
12:00 54- Pfizer lecture. Hypertension management. Prakash C. Deedwania.
12:25 discussion

Lunch

Coronary artery bypass grafting 2:0-3:30 Gilgamesh hall

PANEL: Mohammed Subhi, Mudhar Alattar, Jabbar Altae

- 04:00 63- Off pump versus on pump CABG. Basra study. Dheya.
04:10 discussion
04:15 64- Arterial conduit in bypass grafting, initial experience in Ibn albitar hospital. Ala Hadi
04:25 discussion
04:30 65-Minimally invasive CABG, non robotib MIDCAB. Askin ali.
04:45 discussion

LIVE IN A BOX BMV; step by step technique. 04:50-05:30

PANEL: Tahsin Alkinani, Mothanna Alkuraishi, Shukri Faez

Operator: Amjad Almendilawi

Imaging in Cardiology 2:0-3:30 Alfurat hall

PANEL: Abbas Alsharifi, Mahdi Alzaidi, Nazar Hasan, Salah Alali

02:00 58- Role of the interventional echocardiographer as a key member of the multi-disciplinary heart valve team. Myaadah Abulhab.

02:12 discussion

02:18 59- OCT as a new intracoronary imaging modality. Sahib Aldhafer Australia.

02:30 discussion

02:36 60- Doppler echo methods for optimization of atrioventricular delay during Cardiac Resynchronization Therapy. Marwa K Mohammed.

02:48 discussion

02:54 61-Fetal Myocardial function assessment step up in fetal echocardiography. Sura Adnan Raheem.

03:06 discussion

03:12 62- Giant coronary artery aneurysms. Sabah Musa.

03:24 discussion

Break

Carotid intervention 4:0-5:30 pm Gilgamesh hall

PANEL: Hasan Alfarhan, Firas Alani, Mohammed Alrubaye, Mohammed Mutar

02:00 55- Carotid endarterectomy , neither shunting nor patching technique. Aram baram.

02:10 discussion

02:15 56- Utilization of percutaneous technique in carotid artery revascularization. Firas Alani.

02:25 discussion

02:30 57- Transcatheter closure of large RCA to RV fistula. Hussain abdulzahra

02:40 discussion

LIVE IN A BOX transradial approach for carotid artery stenting. 02:45-03:30

PANEL: Firas Alani, Khalid Anber, Mohammed Alrubaye, Mohammed Mutar

Operator: Rafid Alaqeedi

General cardiology 4:0-5:30 pm Alfurat hall

PANEL: Kasim Shamal, Kasim Aldori, Ata Gatti, Salih Yahya

04:00 66- Libman Sacks endocarditis. Ala alkinani.

04:10 discussion

04:15 67- Sanofi lecture. Risk of DVT in medically ill patients. Luay Alhalaq.

04:25 discussion

04:30 68- Preoperative fitness for non cardiac surgery for patients with ischemic heart disease,case study. Hamid abdulwahab.

04:40 discussion

04:45 69- Think widely . Moayad basher.

04:55 discussion

05:00 70- the use NSAIDs and risk of atrial fibrillation. Reyadh alshahristani.

05:10 discussion

05:15 71- Quality of life among coronary heart disease patients in Baghdad-iraq. Shawq Alashab.

05:25 discussion
